# ***Circulation***

**AUTHOR/SUBJECT INDEX TO**

**VOLUME 86**

**JULY-DECEMBER 1992**

**and the following supplements:**

**Abstracts From the 65th Scientific Sessions**

Volume 86, Number 4 October 1992

Pages I-1-I-1030 Item No. 73-3137

**Cardiovascular Surgery 1991**

D. Craig Miller, MD, *Guest Editor*

Volume 86, Number 5 November 1992

Pages II-1-II-418 Item No. 73-3139

**Progression-Regression of Atherogenesis: Molecular, Cellular, and Clinical Bases**

Valentin Fuster, MD, PhD, *Guest Editor*

Volume 86, Number 6 December 1992

Pages III-1-III-123 Item No. 73-3141

*Supplements to Circulation are published occasionally and for archival purposes may be bound with the regular issue. Supplement page numbers are preceded by a Roman numeral and a hyphen. Supplements are indexed with the regular issue with the exception of the Abstracts Supplement, which is indexed within that supplement.*

# Subject Index

Volume 86, July–December 1992

## A

### Ablation

Long-term Effects of Percutaneous Laser Balloon Ablation From the Canine Coronary Sinus, 947

Preservation of Atrioventricular Nodal Conduction During Radiofrequency Current Catheter Ablation of Midseptal Accessory Pathways, 1743

Temperature Response in Radiofrequency Catheter Ablation, 1648

### Absorption

Highly Variable Anticoagulant Response After Subcutaneous Administration of High-Dose (12,500 IU) Heparin in Patients With Myocardial Infarction and Healthy Volunteers, 1370

### Acadesine

Acadesine and Myocardial Protection: Studies of Time of Administration and Dose–Response Relations in the Rat, 598

Sustained Protection by Acadesine Against Ischemia- and Reperfusion-Induced Injury: Studies in the Transplanted Rat Heart, 589

### Accessory pathways

Preservation of Atrioventricular Nodal Conduction During Radiofrequency Current Catheter Ablation of Midseptal Accessory Pathways, 1743

Radiofrequency Catheter Ablation of Left Lateral Accessory Pathways Via the Coronary Sinus, 1464

### Acetylcholine

Endogenous Nitric Oxide Protects Against Platelet Aggregation and Cyclic Flow Variations in Stenosed and Endothelium-Injured Arteries, 1302

Endothelial Dysfunction Early After Heart Transplantation: Assessment With Intravascular Ultrasound and Doppler, 1171

### N-Acetylcysteine

Different Susceptibility to the Development of Nitroglycerin Tolerance in the Arterial and Venous Circulation in Humans: Effects of N-Acetylcysteine Administration, 798

### ACT

Aprotinin and Heparin Monitoring During Cardiopulmonary Bypass, II-410

### Acute bacterial endocarditis

Acute Bacterial Endocarditis: Optimizing Surgical Results, II-68

### Acute coronary syndromes

Why Do Plaques Rupture? III-30

### Acute ischemic syndromes

Randomized Trial of Thrombolysis Versus Heparin in Unstable Angina, 1407

### Acylation

A Recombinant, Chimeric Enzyme With a Novel Mechanism of Action Leading to Greater Potency and Selectivity Than Tissue-Type Plasminogen Activator, 548

### Adenosine

Adenosine Infusion for the Reversal of Pulmonary Vasoconstriction in Biventricular Failure: A Good Test but a Poor Therapy, 896

Dipyridamole Potentiates the Myocardial Infarct Size—Limiting Effect of Ischemic Preconditioning, 979

Effect of Intravenous Adenosine Infusion on Myocardial Perfusion and Function: Hemodynamic/Angiographic and Scintigraphic Study, 887

Endothelial Dysfunction Early After Heart Transplantation: Assessment With Intravascular Ultrasound and Doppler, 1171

Severe Right Ventricular Pressure Loading in Fetal Sheep Augments Global Myocardial Blood Flow to Submaximal Levels, 581

The Adenosine Saga: One More Piece of the Puzzle: But Does It Cause Wall Motion Abnormalities? 1038

### Adenylate cyclase

Effects of  $\beta$ -Adrenergic Blockade on Papillary Muscle Function and the  $\beta$ -Adrenergic Receptor System in Noninfarcted Myocardium in Compensated Ischemic Left Ventricular Dysfunction, 1584

### $\alpha_2$ -Adrenoceptors

Role of  $\alpha_2$ -Adrenoceptors in Normal and Atherosclerotic Human Coronary Circulation, 1116

### Adventist Health Study

Effects of Traditional Coronary Risk Factors on Rates of Incident Coronary Events in a Low-Risk Population: The Adventist Health Study, 406

### Afterload

Effective Arterial Elastance as Index of Arterial Vascular Load in Humans, 513

### Afterload reduction

Right Ventricular/Arterial Coupling in the Patient With Left Ventricular Assistance, II-316

### Aging

Augmented Forearm Vasoconstriction During Dynamic Exercise in Healthy Older Men, 1789

Dehydroepiandrosterone Sulfate, Incidence of Myocardial Infarction, and Extent of Atherosclerosis in Men, 1529

Differences in Cardiovascular Responses to Isoproterenol in Relation to Age and Exercise Training in Healthy Men, 504

Effect of Aging on Intracellular  $\text{Ca}^{2+}$ ,  $\text{pH}_i$ , and Contractility During Ischemia and Reperfusion, II-371

Lipoprotein Lipids in Older People: Results From the Cardiovascular Health Study, 858

Mitral Valve Repair Using Carpentier Techniques in Patients More Than 70 Years Old: Early and Late Results, II-53

Survival Analysis of Octogenarian Patients With Coronary Artery Disease Managed by Elective Coronary Artery Bypass Surgery Versus Conventional Medical Treatment, II-191

### AHA Medical/Scientific Statements

Cardiac Transplantation: Recipient Selection, Donor Procurement, and Medical Follow-up: A Statement for Health Professionals From the Committee on Cardiac Transplantation of the Council on Clinical Cardiology, American Heart Association, 1061

Environmental Tobacco Smoke and Cardiovascular Disease: A Position Paper From the Council on Cardiopulmonary and Critical Care, American Heart Association, 699

Insurability of the Adolescent and Young Adult With Heart Disease: Report From the Fifth Conference on Insurability, October 3–4, 1991, Columbus, Ohio, 703

Standardization of Cardiac Tomographic Imaging, 338

Statement on Exercise: Benefits and Recommendations for Physical Activity Programs for All Americans: A Statement for Health Professionals by the Committee on Exercise and Cardiac Rehabilitation of the Council on Clinical Cardiology, American Heart Association, 340

Statement on Smoking and Cardiovascular Disease for Health Care Professionals, 1664

### Allograft valves

Effects of Calcium Channel Blockers on Calcium Uptake in Rat Aortic Valve Allografts, 1973

### Amiodarone

A Randomized Comparison of External and Internal Cardioversion of Chronic Atrial Fibrillation, 1415

### Analysis outcomes

Interaction of Age and Preoperative Risk Factors in Predicting Operative Mortality for Coronary Bypass Surgery, II-186

### Anastomosis, cavopulmonary

Fontan Procedure for Hypoplastic Left Heart Syndrome, 1662

### Ancestral Keys Lectures

The Three Beauties: Bench, Clinical, and Population Research, 1323

### Aneurysms

Increased Expression and Regional Differences of Atrial Myosin Light Chain 1 in Human Ventricles With Old Myocardial Infarction: Analyses Using Two Monoclonal Antibodies, 1727

**Aneurysms, mitral valve**

Transesophageal Echocardiographic Recognition of Subaortic Complications in Aortic Valve Endocarditis: Clinical and Surgical Implications, 353

**Angina**

Coronary Reserve and Exercise ECG in Patients With Chest Pain and Normal Coronary Angiograms, 179

Endothelial Dysfunction in Patients With Chest Pain and Normal Coronary Arteries, 1864

Survival Analysis of Octogenarian Patients With Coronary Artery Disease Managed by Elective Coronary Artery Bypass Surgery Versus Conventional Medical Treatment, II-191

**Angina pectoris**

Excimer Laser-Facilitated Coronary Angioplasty: Relative Risk Analysis of Acute and Follow-up Results in 200 Patients, 71

**Angina, effort**

Transient Intermittent Lymphocyte Activation Is Responsible for the Instability of Angina, 790

**Angina, stable**

Eighteen-Year Follow-up in the Veterans Affairs Cooperative Study of Coronary Artery Bypass Surgery for Stable Angina, 121

**Angina, unstable**

Transient Intermittent Lymphocyte Activation Is Responsible for the Instability of Angina, 790

**Angiogenesis**

Age as a Modulator of Coronary Capillary Angiogenesis, 320

Chronic Reduction of Myocardial Ischemia Does Not Attenuate Coronary Collateral Development in Miniswine, 660

**Angiography**

Thrombolysis in Patients With Unstable Angina Improves the Angiographic but Not the Clinical Outcome: Results of UNASEM, A Multicenter, Randomized, Placebo-Controlled, Clinical Trial With Anistreplase, 131

**Angiography, coronary**

Anatomical Progression of Coronary Artery Disease in Humans as Seen by Prospective, Repeated, Quantitated Coronary Angiography: Relation to Clinical Events and Risk Factors, 828

**Angioplasty**

Contribution of Localized Calcium Deposits to Dissection After Angioplasty: An Observational Study Using Intravascular Ultrasound, 64

Effect of Chronic Subcutaneous or Intramural Administration of Heparin on Femoral Artery Restenosis After Balloon Angioplasty in Hypercholesterolemic Rabbits: A Quantitative Angiographic and Histopathological Study, 1536

Heparin: Will it Control Intimal Thickening After Angioplasty? 1657  
How Does Angioplasty Work?: Serial Analysis of Human Iliac Arteries Using Intravascular Ultrasound, 1845

Intravascular Ultrasound Evaluation of the Effect of Rotational Atherectomy in Obstructive Atherosclerotic Coronary Artery Disease, 1383

Randomized Trial of Late Elective Angioplasty Versus Conservative Management for Patients With Residual Stenoses After Thrombolytic Treatment of Myocardial Infarction, 1400

Vascular Injury and Time Course of Smooth Muscle Cell Proliferation After Experimental Holmium Laser Angioplasty, 1575

**Angioplasty, coronary**

Restenosis After Placement of Palmaz-Schatz Stents in Native Coronary Arteries: Initial Results of a Multicenter Experience, 1836

**Angiotensin**

Angiotensin-Converting Enzyme Inhibition Restores Cardiac and Hormonal Responses to Volume Overload in Patients With Dilated Cardiomyopathy and Mild Heart Failure, 1800

**Angiotensin converting enzyme**

Differential Effects of Captopril and Enalapril on Tissue Renin-Angiotensin Systems in Experimental Heart Failure, 1566
